## Press Release

### Quinn Armstrong Named Sales Associate for Digital Acoustics

Lake Bluff, IL, January 2017 - Digital Acoustics, a US developer and manufacturer of network-based IP audio devices including intercoms, amplifiers, and speakers, announces the addition of Quinn Armstrong as the newest member of their sales staff. Armstrong will fill the position of Sales Associate and be responsible for sales and support on a national level.

Armstrong joins the team to continue Digital Acoustics' success in providing IP Audio to large and small companies in America and Europe. Quinn comments, "I am excited to start a new challenge within Digital Acoustics and look forward to working with the team to further develop their product and service suite. I am fortunate to be joining a respected company that prides itself on finding the best IP audio solutions for all its customers."

Armstrong comes from ULINE where he served as Customer Service and Support Team Leader bringing several years of strong management and sales experience with him. Armstrong received his B.A. in Economics and Minor in Business from the University of Kansas, Lawrence, Kansas.

Christopher McNicholas, Vice President Sales said, "Quinn's aptitude and work history will make him a key addition to the Digital Acoustics family. We view his appointment as a sign of our commitment to being a leading company in the IP Audio industry. The demand from our customers led us to look for an addition to our team who will fit in with our ethos of providing reliable, simplified, cost effective IP Audio solutions," said McNicholas.

---

#### **More About Digital Acoustics:**

Digital Acoustics develops and manufactures network-based IP audio devices including intercoms, amplifiers, speakers and its own TalkMaster™ software to manage and interact with those end points. Since 2003, Digital Acoustics has been providing simplified, cost-effective IP audio technology serving the following markets: K-12 and Higher Education, Retail, Commercial/Industrial, Building Security, and Military/Government.
